

Calendar of Events

The Women's Inspirational and Self-Empowerment Organization (TheWISEorg, Inc.) is a 501 (c)(3) non-profit organization founded by Dr. Thomisha M. Duru (educator, author and entrepreneur). Each board member selected has a desire to help women, children, and communities in need.

Through this organization, Dr. Duru and her team seek to strengthen women helping them to reclaim their lives and continue to be the pillars of the community that they are. We relish every opportunity to help others and focus on women's empowerment, providing resource and educational development to women in crisis through Social, Community and Self-development.

Here's a look at what we've done so far and a glimpse at what's to come. We invite you to attend our W.I.S.E. Events, Meetings, Becoming W.I.S.E. Courses, Service Projects, and Sister Circles.
